Report: Two-Year Advanced Diploma in Yeola Paithani Academic Year: 2018-2019

In the academic year 2018-2019, our college introduced a new course known as the Two-Year Advanced Diploma Course in Yeola Paithani. This course has received approval from the University Grants Commission (UGC) and is sponsored by the National Skill Qualification Framework (NSQF) under the Central Government. The primary objective of this course is to develop the skills of students for regional and local-level work. Given that the Paithani industry is prominent in Yeola, many students from the city engage in weaving work and earn their livelihood through daily wages. However, due to the dominance of the local Paithani industry, the possibilities for campus placements are relatively limited. Therefore, taking into consideration the local scenario, the college applied to the NSQF for the approval of this course, which also aligns with the culturally relevant requirements of the NSQF.

Professor T. S. Sangle serves as the Co-Ordinator for the skill development program. To establish the syllabus for the course, the college has formed a Board of Studies comprising five faculty members. Mr. Sahebrao P. Pagare and Mr. Akhil Shaha have been appointed as trainers for the diploma course. Additionally, the college plans to acquire handlooms for live demonstrations of the weaving process. The course is overseen by the guidance of Dr. Prashant Hiray, the Honorable General Secretary of the institute, Dr. Apoorva Hiray, the Coordinator of the Institute, Principal Dr. Bhausaheb Game, and NAAC Coordinator Dr. G. D. Kharat.

The Two-Year Advanced Diploma in Yeola Paithani is an important addition to our college's course offerings. By equipping students with the necessary skills for regional and local-level work in the Paithani industry, this course aims to empower them for sustainable employment opportunities. The involvement of skilled trainers, the acquisition of handlooms for live demonstrations, and the guidance of esteemed faculty members ensure the effective implementation of the course. With the support of the NSQF and UGC, we are confident in the success of this diploma program and its contribution to the growth of the Paithani industry in Yeola.

Report: Two-Year Advanced Diploma in Yeola Paithani Academic Year: 2019-2020

Mahatma Gandhi Vidyamandir Arts, Commerce College, Yeola successfully conducted the second year of the Advanced Diploma in Yeola Paithani course during the academic year 2019-2020. This course has received approval from the University Grants Commission (UGC) and is sponsored by the National Skill Qualification Framework (NSQF) under the Central Government. The first year of the course admitted 48 students, and for the second year, the intake increased to 50 students. These students come from rural areas, seeking to develop their knowledge and skills in the art of Paithani. The primary aim of this course is to enhance the students' skills in regional and local-level work, specifically in the domain of Paithani weaving. Given that Yeola is known for its Paithani Park, there was a need to offer this course to students and expand their understanding of Paithani. The course has achieved an outstanding 100% pass rate for both the first and second years.

Throughout the academic year, students had the opportunity to participate in field visits to prominent Paithani establishments such as Kapase Paithani and Soni Paithani. As part of their learning experience, guest lecturers, namely Asmita Gaikwad and R. Z. Pahilvan, shared their expertise in the field. Mr. Pagare and Mr. Shah served as trainers for the course, providing valuable guidance to the students. The college has also developed a dedicated Paithani Laboratory where students engage in continuous practice. Furthermore, the college has established four Paithani looms to facilitate hands-on learning and practical experience for the students.

The second year of the Two-Year Advanced Diploma in Yeola Paithani course at Mahatma Gandhi Vidyamandir Arts, Commerce College, Yeola has been a resounding success. The increased intake of students demonstrates the growing interest and demand for knowledge and skills in Paithani weaving. The field visits, guest lectures, and experienced trainers have enriched the learning process for the students, ensuring they are well-equipped to excel in the field. The establishment of the Paithani Laboratory and the provision of dedicated looms have further enhanced the students' practical learning experience. The college remains committed to fostering excellence in Paithani weaving and nurturing the talent of its students.
